Introduction :

1. Dr. Panjabrao Deshmukh Interest Rebate Scheme-(24251009)

1. By the Government Resolution dated 24/11/1988, the Government resolved to provide interest rebate for prompt recovery of crop loans. Accordingly, by the Government Resolution dated 02.11.1991, the Scheme has been made applicable to the farmers for the crop loans borrowed from 01.4.1990.

2. Under this scheme, farmer availing crop loans and repaying the same entirely before 30th June every year are eligible for the interest rebate. The scheme is not applicable to overdue loans and medium and long term loans.

3. Initially, the scheme was applicable to loans availed from Primary Agricultural Cooperative Societies only. By the Government Resolution dated 23.06.2010 the scheme is made applicable to short term crop loans availed from Nationalized Banks, Regional Rural Banks & Private Banks as well.

4. Initially, the rebate under the scheme was @4% per annum. By the Government Resolution dated 11.06.2007 4% rebate was provided for the loans upto Rs. 25000/- and for the loans above Rs. 25000/- to 3 lakhs, 2% rebate was provided. By the Government resolution dt.28.06.2010 4% rebate for the loans upto Rs. 50,000/- and for the loans above Rs. 50,000/- to 3 lakhs, 2% rebate was provided. By the Govt resolution dt.19.10.2011 3% rebate for the loans upto Rs. 1 lakh and for the loan above Rs. 1 lakh and upto Rs. 3 lakhs, 2% rebate was provided, likewise by the government resolution dt.3.12.2012, 3% rebate for the loans upto Rs. 1 lakh and for the loans above 1 lakh and upto Rs. 3 Lakhs 1% rebate has been made applicable. This limit of eligible loans is enhanced to Rs. 3 lakhs and rebate @3% is made applicable to crop loans availed from 01.04.2021 by G.R. dated 11.06.2021.

5. Under this scheme, agriculture Co-operative credit societies and respective branches of commercial banks are required to provide interest rebate to farmers at the time of recovery of crop loans and the same is to be claimed from District Deputy Registrar, Cooperative Societies in the prescribed format.

6. The budgetary provision and expenditure for the scheme is as under -

Year	Budget Prov. (in lakhs)	Exp. (in lakhs)
2022-23	53200	43024
2023-24	46000	36800
2024-25	36000	3281 (upto 25.10.24)

Proposed demand of Rs. 99500.00 lakh is made under the scheme for 2025-26.

2. Financial Assistance to Strengthen District Central Cooperative Banks (DCCBs) within Short Term Cooperative Credit Structure (2425 2824)

This scheme was launched by Government by G.R. No.CCR-1406 CR.247/2-C, dated 17.5.2006. The objective of the scheme is to provide interest subvention to banks in order to make available short term crop loans to the farmers at the 6%. The salient features of the scheme are as under.

1. The Government of India provides 1.5% interest subvention to banks for their involvement in ground level credit to farmers at the rate of 7%. On the similar lines, State Government provides additional 1% interest subvention to banks for their involvement in ground level credit to farmers at the rate of 6%.

2. State Government is providing interest subvention at the rate 1% to commercial banks while interest subvention at 2.5% is being provided to District Central Co-operative Banks by G.R dated 5.9.2014.

3. Re-finance availed by DCCBs from NABARD is not eligible for Interest Subvention.

4. The short term crop loans extended by banks to the farmers up to Rs.3 lakh are covered under the scheme. Interest subvention is calculated from the date of drawal of the loan and up to the date fixed by the bank for the repayment if such loan (31st March for kharif crops and 30 June for rabi crops) or actual date of repayment, whichever is earlier.

5. The DCCBs provide crop loan to primary agricultural credit societies (PACS) at the rate of 4% and thereafter PACS provide crop loan to farmers at the rate of 6%. Similarly the rate of interest is 6% where DCCBs provide crop loans directly to farmers.

6. The interest subvention claim proposals of banks are verified and certified by the Statutory Auditor appointed by banks. The banks submit claim proposal in prescribed format along with auditors certificate and submit it to Commissioner office for sanction. The Commissioner office carries out primary scrutiny of the proposal and accords sanction and transfer funds in the bank account provided by the bank.

7. The budgetary provision and expenditure for the scheme is as under -

Industrial Co-operative Societies (48510023)

INTRODUCTION :

In order to strengthen economic condition of industrial co-operative societies of economically weaker section. The Government of Maharashtra sanctions financial assistance under different schemes. The Government of Maharashtra sanctions share capital contribution at the ratio of 1:3 to of industrial co-operative societies.

This scheme was implemented at district level from 11th September 1974 to 31st March 1996 vide G.R. dated 11th September 1974. A share capital was sanctioned on due to short economic provisions. Several societies could not get financial assistance from the district planning & development council & they also could not complete their project within certain period. Considering all these facts this scheme was transferred from district level to State level vide G. R. No. Ind-1094-5695 CR-3204-C dated 2nd January 2003.

Under this Scheme, maximum assistance of Rs. 5 crore is sanctioned to the Industrial Co-operative societies as per following pattern:-

Sr. No.	Particulars	% of	Project Cost
1.	Loan from financial institutions without Govt. Guarantee	60%	300.00
2.	Share Capital by State Govt.	30%	150.00
3.	Societies own Share Capital	10%	50.00
Total		100 %	500.00

2. While taking review of Financial assistance to Industrial Co-op Societies on dt. 5.10.2009, it has been recommended that the scheme should be discontinued.

Proposed demand of Rs. 0.01 lakh is made under the scheme for 2025-26.

5. Co-operative Housing Societies for Government employees. Introduction:

For giving financial assistance to the state government employees for construction of their own houses under the scheme of loan to Housing Societies for the State Government employees and similarly as a remedy for the difficulties faced regarding construction of houses in the rural and urban areas, the government has started this scheme from 06/12/1967. From 13-09/1971 the same scheme is made applicable to the District Council employees too as to the State Government employees. From 01st December, 1967 to 24-01/1980 this scheme was implemented by the Finance department. As this scheme is being implemented through the medium of Co-operative Sector, from 24th January, 1980 the same is transferred to the then Agriculture and Co-operation department. At present the said scheme is being implemented through the Co-operation section in the Co-operation, Marketing and Textile Industry department.

Peculiarities of the Scheme :—

The monthly subscriptions being deducted from the salaries of State Government and District Council employees under Group Insurance scheme, that fund was deposited in the Finance department in lumpsum and from that fund the finance department makes provisions for this scheme to the Co-operation department as per budget and this fund is utilized through the Co-operative Housing Societies for construction of houses of their ownership right for the State government and District council employees. For this purpose the government need not sanction separate fund. The amounts in this fund are sanctioned to the employees in the form of loan, on that the government receives revenue in the form of interest. Since the recovery of loan is made directly from the monthly salaries of the employees, the quantum of loan recovery is nearly 100%. The capital and interest are recovered till the time the debtor member is in the Government service. Over and above this if anything is remaining, the same will be recovered from the retirement benefits of the debtor member. Means the quantum of loan recovery is 100%. The rate of interest the Finance department fixes for Housing advance, the same rate will be applicable to this scheme.

Other issues of the Scheme :—

a. The members of the Co-operative Housing Societies of the government and District Councils registered under Maharashtra Co-operative Societies Act, 1960, will be sanctioned amount of 50 multiples of basic salary + admissible dearness allowance or maximum Rs. 15,00,000/- or cost of the house or capacity of loan repayment, out of this whichever is less as loan under this scheme. Under this scheme

Project cost upto minimum 05.00 crore is fixed for one Society. As per progress of the building construction the sanctioned loan will be distributed in 3 installments. After disbursement of First installment 30 percent, after the Society completes construction of building flats upto plinth level, the second installment of 40% of the sanctioned loan will be disbursed, and after completion of construction of the Society's building upto slab level, as per site inspection report of the Competent Authority/ Society registration Officer, the third installment of 30% of the loan will be disbursed.

b. Under this scheme minimum 11 and maximum 75 members will be included in the Society under this scheme. Since it is necessary that 20% of the total number of members in the society should be from Backward class, the Society can include 10% of the total number of members from non-government members. As loans are sanctioned to the members in lumpsum under this scheme, the members cannot accept membership of other societies. On the date of sanction of the loan it is necessary that the service of the employee should be minimum 5 years complete and minimum 5 years service should remain balance. Under this scheme, the recovery of the loan will be as shown in the Statement or from the next after completion of the house or after completion of 24 months from the date of sanction of loan, out of that from the month whichever is earlier. Also those employees whose service is less than 10 years, the recovery of their loan will start from the next month of loan sanction. The recovery of capital amount of loan should be complete in minimum 192 equal installments and recovery of interest should be completed in 48 equal installments. Under this scheme, the rate of interest will be estimated as per the rate declared by the government for construction of house from time to time for such and such years.

Process of loan sanction :

A. Under this scheme, loan is disbursed to the Societies in 3 installments. For the disbursement of first, second and third installments to the Society, after preparing waiting list of first installment on the basis of the following documents, as per availability of funds, first, second and third installments will be disbursed to the Society as per serial number in the waiting list.

First Installment:-

- Date of registration of Society
- Date of Purchase Deed of the land.
- Date of Burden-free certificate
- Date of construction permission.
- Date of submission of the proposal to the government.

Second Installment :—

- a. Utilisation certificate of the first installment.
- b. Construction Progress certificate of the Architect.
- c. Mortgage Deed registered in the name of Governor.
- d. Date of submission of the proposal to the government.

Third Installment :—

- a. Utilisation certificate of the first installment.
- b. Construction Progress certificate of the Architect.
- c. Site inspection report of the competent authority/ registration officer.
- d. Date of submission of the proposal to the government.

B. For disbursing all the three installments of the sanctioned loan on the basis of all the aforesaid documents, it takes generally two to three years. During the period intervening period, some members resign from the membership of the society due to delay in sanctioning the loan, members do not pay the amount of difference in the sanctioning of loan in time, sudden death of certain members, due to these reasons, places become vacant in the society. At the time of sanction of loan out of the total number of members of the Society, a sufficient number of members do not register, places become vacant. And by registering new members of those vacant places and getting loan sanctioned, it is necessary for the Society to complete the project. Hence while disbursing second and third installments to the Society, at that time by taking new members and sanctioning loans to them, the society submits proposal for disbursement of second and third installments.

C. At the time loan sanction for the first installment, the entire documents of the Society are scrutinized, and the number of members is fixed as per approved plan. On the limit of those number of members, the remaining members will be taken and approval is given to them for sanctioning of loan.

Competent authority of loan sanction :—

a. This scheme of sanctioning of loans to Co-operative Housing Societies of the government employees is implemented on Co-operative principles. Here there will be minimum 11 and maximum 55 members. This number of members will be within the

limit of number of flats. Hence it becomes necessary to keep the number of members in the quantum of flats. For sanctioning loans to those members to also for the approval of plan, the Hon'ble Principal Secretary (Co-operation) is the competent Authority.

b. The first installment of the loan to the Housing Society is approved with the approval of the Secretary Co-operation. Thereafter the right to sanction the second and third and the remaining installments is granted to the Deputy Secretary (Housing) vide Government order No. HSG-2001/prs.krs.09-13-Sa dated 27/4/2001 and 22/5/2007.

Other peculiarities of the Scheme:-

a. If the cost of house is more than the amount of loan to be sanctioned to the members, it is necessary for the member to pay the excess amount to the Society directly. Without the concerned members paying the remaining amount, possession of the flats should not be given to them.

b. After releasing the first installment of the loan to the Society, immediately or before release of the second installment, it is necessary for the Society to submit mortgage deed mortgaging the entire land together with the structures therein the name of the Governor. Without recovering the capital and admissible interest of their loans from the members of the society, the mortgage deed of the land will not be released.

c. After releasing the second installment of the loan to the Society, immediately or before release of the second installment, it is necessary for the Society to download the insurance of the building in the Government Insurance fund.

d. In the year 2007 when loan was sanctioned and first installment is released, loan could not be disbursed to approximately 350 Societies due to non-availability of funds. In the meanwhile in the year 2007 due to increase in the construction cost, permission was granted to the Societies for 40% increase in the cost of the houses. Also the construction of the building could not be completed. For this permission was granted to the societies / members to take loans from other financial institutions.

For government employees the information regarding the necessity of requirement of finance to the Co-operative Housing Societies is shown in Table No. 8.

AGRICULTURAL PLEDGE LOAN SCHEME

In harvesting season there is huge arrival of particular commodity in the market in very short period, which causes substantial fall in market prices of the commodity. Farmers do not have capacity to hold their stock so they have to sell their produce at a very meager rate in the market. Under the pledge loan scheme the farmer keeps his produce in the APMC godown and gets 75% of the value as loan. As the prices of the commodity rise in the market the farmer sells his produce in the market and repays his loan and thus fetches higher price for his produce at reasonable levels.

STRUCTURE AND IMPLEMENTATION OF THE SCHEME

Since 1990, the MSAMB has been implementing this scheme of pledge loan for the benefit of farmers of the State. The scheme of pledge loan is available for Moong, Tur, Udid, Soyabean, Paddy, Sunflower, Safflower (Kardar) and Gram (Chana), Jawar, Bajra, Maize, Wheat, Ghevda (Rajma), Turmeric, Ragi (Redgram), Cashew nut and Betel nut (Supari) in this scheme.

Under this scheme, a farmer can store his produce in Godowns of APMC and can immediately get 75% cost of his produce at an interest rate of 6%. Farmer can avail the pledge loan facility by storing the produce in the godowns of state Warehousing Corporation or Centre Corporation. The APMCs maintain this pledged stock free of cost. The farmers can sell their produce when the prices are higher.

Under the scheme, the farmer gets agricultural pledge loan up to 75% of the value of produce prevailing in the market, at an annual interest rate of 6%. The farmer is allowed to avail this facility upto a period of 180 days. Rebate of 1% or 3% on interest is given as promotional incentive to those APMCs who repay within 180 days. If APMC fails to repay within 180 days then APMC can not avail the incentive rebate of 3%. After 180 days interest rate will be 8% for next 6 months, after that interest rate will be 12% next 6 months.

Commodity wise loan Limit & Rate of Interest of Loan

S.No.	Commodity	Limit of loan	Period	Rate of Int
1.	Soyabean, Tur, Mung, Urad, Paddy, Safflower, Sunflower, Turmeric and Gram, Jowar, Bajra, Millets & Wheat	75% of total cost (as per market rate or MSP is less)	180 days	6%
2.	Gherkin (Rajma)	75% of total cost or minimum Rs. 3000/- per Quantal (which is less)	180 days	6%
3.	Cashew nuts & Betel nuts (Super)	75% of total cost or Rs. 100/- per Kg (which is less)	180 days	6%
4.	Raisin (Badam)	75% of total cost or m ² 35000/- per Quantal (which is less)	180 days	6%

Fruit & Vegetable Co-operative Societies

Out of the total land, about 90011 hectares of land in Maharashtra State are under horticultural crops such as Mango, Grapes, Bananas, pomegranates, chikoo etc.

These Societies are registered with the objective of producing fruits and vegetables on a large scale following which the agricultural produce undergoes many stages such as storing, Grading, Pre-cooling, transportation through vehicles, so that it is fit for export to foreign countries, also so that the farmer gets a fair price for his produce and the customer also gets the fruits and vegetables at a reasonable price.

Aims/objectives of fruit and vegetable societies :-

- 1) Grading, Stocking, Packing and sale of fruit and vegetable and other perishable produce.
- 2) Supplying fertilizers.
- 3) Sale of seeds, pesticides, and other farming related items.
- 4) Proper marketing of agricultural produce so as to give a fair price to the farmers, besides other agricultural related activities.

The Fruit and vegetable societies cannot carry out any business relating to fertilizers for a period of three years from date of Registration. However, they can indulge in sale of organic fertilizers.

These societies can also provide services like tissue culture, pre-cooling and similar services. With the intention of export of certain agricultural produce such as Mangoes, Grapes, Bananas, Oranges etc., under section 20 (1) of Maharashtra Co-operative Societies Act 1960, some partnership firms such as Maha Mango, Maha Grapes, Maha Bananas, Maha Orange were registered. All these societies are working towards getting more and more foreign exchange through export of their produces.

Financial Assistance to Fruit and Vegetable Societies :-

Financial Assistance is provided to select marketing societies in the form of share capital for expansion of business and strengthening their capital. While granting sanction to such societies, the business plan, capital with society etc. are taken into consideration.

1) Share capital subsidy to select and weak marketing societies under National Co-operative Development Corporation sponsored schemes:-

This scheme was started from 19th May, 1964. Under this scheme select marketing societies whose working capital is up to Rs. 20.00 lakhs, are provided with a subsidy of share capital of Rs. 5.00 lakhs.

If the working capital of a marketing society is more than Rs. 20.00 lakhs then the society gets a subsidy in share capital in multiples of excess amount.

Besides the above, financially weak societies but those who have scope for business expansion are provided with a subsidy of Rs. 2.00 lakh to Rs. 5.00 lakh in share capital.

2) Financial Assistance to fruit and vegetable societies for setting up pre-cooling and cold storage units under National Co-operative Development Corporation sponsored schemes.

This scheme was started on 5th September 1991. It was started with the intention to set up pre-cooling and cold storage units under National Co-operative Development Corporation sponsored schemes.

This scheme was started on 5th September 1991. It was started with the intention to set up pre-cooling and cold storage facilities so that the fruits and vegetables remain in good condition until they reach the markets.

Under this scheme, National Co-operative Development Corporation provides 90 % of the project cost to the State Government as loan. This loan is disbursed to the societies in the following funding pattern.

- A) Loan - 40%
- B) Share Capital - 30%
- C) Society own Share - 10%

3) Financial Assistance to fruit and vegetable societies under National Co-operative Development Corporation and NHB sponsored schemes :-

This scheme was started on 16th March, 1991. The aim was to enable the farmers to get a fair price for his produce and also that the customer should get fruits and vegetables at a reasonable price.

Under this scheme, for one unit fruit and vegetable societies get a financial assistance of Rs. 8.00 lakhs of this 50 % amount ie Rs. 4.00 lakhs is given as loan by National Co-operative Development Corporation and 50% amount ie Rs. 4.00 lakhs is given as subsidy by National Horticulture Board.

A society can get a maximum of Rs. 15.00 lakhs loan and a subsidy of Rs. 15.00 lakh for four units.

		Rs. in Lakh
No.	Item	Amount
1.	Grading, Packing shed	1 lakhs
2.	Retail shops (10)	2 lakhs
3.	5 M ton capacity vehicle (1)	2 lakhs
4.	10 m. ton walking cooler	2 lakhs
5.	Plastic cages	1 lakhs
Total		8 lakhs

For benefitting from all the above schemes application for financial assistance has to be made in the specified format to District Deputy Registrar, Co-operative society and directed to the State Government through Divisional Joint Registrar and Director of Marketing. After the State Government makes its approval, the application is sent to National Co-operative Development Corporation for its final approval and then only the society is provided the financial assistance.

Agricultural Processing Cooperative Societies:

1) **Name of the scheme :** Loan and Share Capital to the Agricultural Processing Cooperative Societies. (44250759, 44250294, 64260313)

In respect of to Sanction financial assistance on the Government Guarantee 1:9 under the scheme of National Cooperative Development Corporation or from other financial institute to the proposal of increasing project cost and share capital of the Agricultural Processing Cooperative Societies and Eto Sugar from Corn and Jowar Cooperative industries and also of the established Agricultural Processing Cooperative Societies.

2) **Nature of Financial Assistance :** Financial Assistance for raising processing units of Agricultural Products in view of to get proper market in the country and outside the country the products of all Agricultural Processing Cooperative Societies.

3) **Beneficiaries :** Fruit Processing, Vegetable processing, Corn Processing, Cashewnut Processing, Rice-mill, and other all types of agricultural processing Co-operative societies.

4) **To whom application to be made :** Taluka Deputy or Assistant Registrar Co-operative Societies.

5) **Sanctioning Authority :** State Government.

6) **Object :** Agricultural Processing Societies in Co-operative field are at present in the primary stage. There is wide scope in the raising the processing projects of Agricultural products in view of to get proper market in the country & outside the country to get appropriate consideration to fruit, vegetables, flowers and all agricultural products and also forest fruits. Since the technology of handling the farm products after its picking undeveloped most of the farm product get perished even after getting good production. To avoid this, it is the need of the time to raise the farm processing industry. The Government of Maharashtra has done elaborate study on this through the Kolhe

Committee and suggested to give impetus to this in view of to run farm processing industry through the Cooperation.

It is the policy of the Government to give encouragement for establishing co-operative societies doing processing of the different types of farm products and fruits and in view of that the Government providing share capital and loan to such societies. Likewise this societies also get financial assistant from the financial institution like National Cooperative Development Corporation for erecting the project. Scrutiny of the project report of the concerned societies in view of the financially and technically for affording such type of financial assistance is made by the Agricultural Marketing Board, Maharashtra State Pune.

The decision is taken by considering whether the proposed project is viable economically or technically and similarly how much employment increase due to the project.

Mainly following type of fruit processing units are in operation in Maharashtra State.

- | | |
|-------------------------|-----------------------|
| 1. Orange Processing | 2. Mango Processing |
| 3. Cashewnut Processing | 4. Lemon Processing |
| 5. Onion Processing | 6. Chilli Processing |
| 7. Tobacco Processing | 8. Grapes Processing |
| 9. Tomato Processing | 10. Banana processing |
| 11. Raisin Processing | |

Beside this other types of Processing Societies are as follows:

1. Starch Product Society
2. Pectical Board
3. Cereal Processing
4. Alcohol processing
5. Animal food Processing
6. Seed production
7. Wheat Jawar, Rice Processing

Altogether it seems that the Agricultural Processing Societies are not financially competent.

Agricultural Processing Societies shall be successful if there is availability of sufficient stock, proper technical capacity, accurate financial planning, financial discipline and utilization of modern marketing sale technology and original policy to give fair price to the farm products of the farmers will be successful.

Power of pre-registration to the society

Project Cost	Registrar	(Rs. Lacs)
10	District Deputy Registrar	Co-operative Societies
25	Division Joint Registrar	Co-operative Societies
25 to 100	Director of Marketing	
More than 100	Commissioner for Cooperation	

The surety that whether the projects of the societies are economically and technically competent is made by the Maharashtra State Agricultural Marketing Board, Pune.

Schemes of giving assistance implemented by the Government for the Processing Societies are as follows:

(A) To get proper price to the farm product produced by the farmers in the State and similarly by not keeping different pattern in the state, the Government share capital and financial distribution to all Agricultural Processing Cooperative Societies in the State:

DIRECTORATE OF SERICULTURE MAHARASHTRA STATE, NAGPUR

Introduction :-

The state of Maharashtra is a Non-Traditional silk producing state. Maharashtra ranks first in silk production among Non-Traditional states and eighth among silk producing states in the country. The "sericulture industry" is based on agriculture and has a huge employment potential for people in rural areas. This industry is able to stop the migration of people from rural areas to cities. It is the only earned silk industry providing employment opportunities to people of all classes and age groups of the the society. It is an income sustaining agri-industry and has the potential to end the financial distress of farmers. The silk industry has the potential to change the face of rural areas. The special features of the sericulture industry are high monthly income with low capital, rural employment potential and access to a vibrant market.

Considering the importance of the silk industry, the Government of Maharashtra has established a separate Directorate for sericulture under the administrative control of Department of Textile On 1st September, 1997 with its headquarters at Nagpur. Sericulture development works are carried out through 27 District Sericulture Offices in the State, which are controlled by Divisional Offices at Nagpur, Amravati, Chhatrapati Sambhaji Nagar and Pune.

Scope Of Sericulture In Maharashtra State:-

Both Mulberry Silk and Tassar Silk are produced in the state of Maharashtra. Tribals from Gadchiroli, Chandrapur, Bhandara and Gondia districts have been producing tassar Cocoons in the forest for 250 years. Recently Tassar sericulture is introduced on experimental basis in Thane, Yavatmal Districts of the state. Also, Mulberry and Tassar sericulture is practiced in 27 districts of the state.

In the year 2023-24, a total of 14665 farmers in the state have 15324 acres of land under Mulberry cultivation and 4903.00 MT of Cocoon was produced. Out of which 754.261 MT. Mulberry Silk yarn has been produced and it has created 82.93 lakh man days of employment. Also, in Tassar Silk Industry, 1335 beneficiaries used 5803 hectares of Aini and Arjuna food trees to produce 182.79 lakhs Cocoons and 9.961 MT of Raw Silk has been produced which has created 14.94 lakh man-days of employment.

Objectives of DOS :-

Directorate of Sericulture is working for overall development of Tassar & Mulberry sericulture in the State and has the focus on following objectives.

1. To increase area under mulberry plantation in the state on a large scale by implementing of Maharashtra Abhyas.

2. To promote the silk industry on a large scale.
3. To supply improved varieties of mulberry and DFLS to the farmers.
4. Imparting training and free technical guidance to the Sericulturists.
5. Providing market for the cocoons produced by the farmers.
6. Providing financial & technical assistance to the farmer from various Government Agencies.
7. Providing Aini and Arjuna tree plantations from the Forest and Revenue Department to the tribal on lease basis for the production of Tassar Cocoon.
8. Reducing poverty by making sericulture popular, employment generation in rural areas, make them self-sufficient and reduce migration of rural people to urban area in search of employment.
